

Greenwich Blue Jays

Attendance

Players are required and expected to attend ALL practices, games and team events. In the event that a player must be absent, the player must contact a coach as far in advance as possible.

This is a highly competitive top level team for the age group. A high level of commitment is expected from the players and families.

Please note that the playoffs are scheduled to end on June 30th. You are required to plan accordingly to ensure that your son will be in town for the duration of the playoffs! Plan your summer camps & family vacations accordingly!

Rainouts

Always assume that the game or practice IS ON unless contacted by a Coach. We will often play games and practice in the rain.

Family Drink & Snack Rotation

We ask that each family rotate in bringing water or Gatorade for the players for games as well as a small snack for after the game.

Banksville Community House

The Banksville Community House allows our team to use their field free of charge. This is very helpful since we can plan ahead, know that we will always have a quality field and we don't have to partake in the weekly town field request system. If you wish to become a Banksville Community House member family, please see a coach, this is optional.

Batting Cage Practices

Our batting cage practices will take place at Bobby Valentine's in Stamford. Once the total cost is determined, we will be dividing the cost evenly among the families. If there is a financial concern, please see a coach.
